## DIE HOHENZOLLERN

Emperor William's Steam Yacht Now Safely Moored At New York.

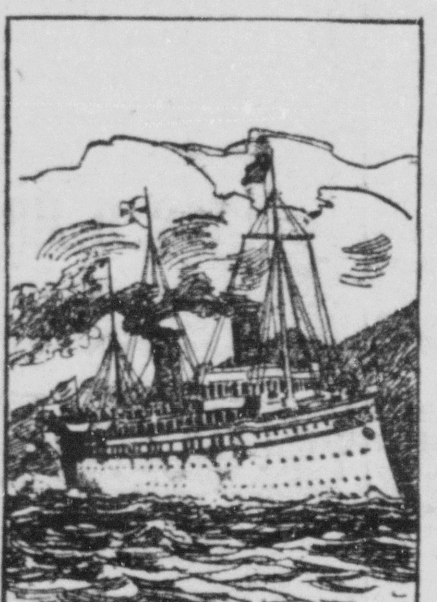

GOT A NOISY WELCOME

When the Vessel Which Will Shelter Prince Henry Came Into Port Passing Craft All Whistled.

The Arrival Was Unexpected But the Gothamites Stirred Around and Did the Proper Thing.

New York, Feb. 13.—The imperial German yacht Hohenzollern, sent here for the use of Prince Henry of Prussia during his forthcoming visit, arrived yesterday from Kiel. She was not expected, for she came by the southern circle, and it was calculated that the run would take at least one day more than it did. It had also been thought that she would touch at Bermuda, and that place had reported her as two days overdue. The weather encountered was unfavorable for a call at Bermuda, and at sea Admiral Count von Baudissin abandoned the partly formed plan and shaped his course for New York.

She got the courtesy of the port from federal officials and came on through the Narrows and up into North river without delay. Passing craft gave her a noisy welcome with their whistles, and the man at her jackstaff was kept busy dipping her

big naval flag with its field of white, black Prussian eagle and black cross. She stood out of the water and looked impressive beyond her real size. She was painted white all over, save for a large black eagle at her figurehead, some touches of gold astern and a long streak of red that showed below her water line. She has a ram bow and in general type resembles a modern man-of-war.

The North German Lloyd pier at Hoboken, where she is to be overhauled, was not ready for her reception and she dropped anchor in mid-stream until a fleet of tugs cleared a berth for her. German flags floated above the docks and warehouses of the North German Lloyd and Hamburg-American line piers, and the ships of those two companies in port were dressed. The bands of the latter assembled on the quarterdeck and serenaded the yacht as she lay at anchor. At 4 o'clock she hove her anchors and, guided by two tugs, was carefully warped into the pier. Guide lines were run across to the dock opposite to prevent her from fouling as she came in, and when she made fast the guide lines were kept out to hold her off the wharf.

Admiral von Baudissin was formally welcomed to New York by a civic representative of Mayor Low and an officer of the United States navy. The civic committee was headed by Capt. A. T. Mahan, retired, and his associates were Emil S. Boas, Gustav H. Schwab, Capt. Jacob S. Miller, Wm. H. Baldwin Jr., George H. Boldt, Colonel Whelan and Commander Rodgers. Captain Mahan spoke briefly, greeting the admiral and his officers and ship in the name of the people of the city. The admiral thanked the committee and through its members the citizens of New York. Private Secretary Jas. Reynolds left the card of the mayor, and Capt. Converse of the battleship Illinois made the formal call in behalf of the navy. Wallace Downey, builder of the yacht for the German emperor, for the launching of which Prince Henry is coming to the United States, also called. The officers of the Hohenzollern said that it would be impossible for them to accept formal entertainments until the arrival of the prince, of whose suite they are members. They can and will do so in their private and individual capacities, but when they come ashore it will be in civilian attire.

An Automobile Tragedy. New York, Feb. 13.—Henry Thies, a 7-year-old boy, was struck and killed yesterday by an automobile occupied by Edward R. Thomas, son of General Samuel Thomas, and three friends. Thomas was arrested charged with homicide, and was released on bail. The automobile which struck the boy is known as the "White Flyer" because of its great speed. It formerly belonged to Wm. K. Vanderbilt Jr.

## DESPERATE BATTLE

Kentucky Mountaineers Give Officers a Sample of Their Warfare.

Middlesboro, Ky., Feb. 13.—Six are dead and as many more are dying as the result of a battle between officers from Middlesboro and mountaineers. The battle, which was one of the most desperate things of its kind in the history of mountain warfare, occurred between 4 and 6 o'clock last evening at Lee Turner's "Quarter house" saloon, three and a half miles from Middlesboro. Last month some mules and other goods of Turner's were levied on in payment for a debt, and a few nights ago, it is alleged, he, with others went to Virginia, where the property had been taken, secured what was formerly his and returned to the "Quarter house." Yesterday Deputy Sheriff Watt Thompson summoned a posse of 10 or 15 men for the purpose of arresting Turner at his saloon. The Louisville and Nashville railroad refused to convey the officers to the saloon, and they walked across the mountains. Turner had heard that an attempt would be made to arrest him, and he and his men, 15 in number, gave the officers a warm reception. The saloon is well suited for an attack like this. It is built of huge logs and is surrounded by a 30-foot fence in which loopholes are cut so that the inmates can shoot at outsiders. Turner's surrender was demanded. His reply was a round of shots. Charlie Cecil of Middlesboro was riding a palfrey in plain view of the Turner men. Someone raised a window of the log house and shot Cecil, who fell dead. Instantly the man at the window fell back, pierced by half a dozen bullets. Then the firing began in earnest. As soon as Cecil was killed his companions determined to burn Turner's rendezvous and in the midst of the battle a man applied a torch to an exposed side of the building. A few minutes later the building was in flames. Several of the mountaineers came to the window and were immediately shot down. The posse surrounded the barricade, determined to let none escape. Lee Turner and several of his friends, however, in some manner escaped and he is now at Mingo Mines, eight miles from Middlesboro. Several of his men perished in the flames. The "Quarter house" is known far and wide because of the number who have been killed within its confines. Placing yesterday's number of deaths at six, 59 persons have been killed there and twice that number wounded.

## AMERICAN SPORTSMEN

The Indianapolis Meeting Marked By An Enjoyable Banquet.

Indianapolis, Feb. 13.—The Indianapolis members of the National League of American Sportsmen gave their visiting brothers a banquet at the Hotel English last night. The national meeting has aroused much interest, which fact was discussed with much relish at the banquet. Good words were said about the game laws of this state which were enacted by the last legislature. They are so broad in their scope and are being so well enforced that well known sportsmen say there will be no attempt next session to make changes.

## The Oleomargarine Bill.

Washington, Feb. 13.—The house yesterday passed the oleomargarine bill. There was no division on the final passage, the real strength having been made on a motion to recommit which was defeated by a majority of 34. The discussion of the Philippines tariff bill occupied the time of the senate.

## A Brief Honeymoon.

## Prince Convicted.

Kansas City, Feb. 13.—Will Prince was yesterday afternoon found guilty of manslaughter in the fourth degree and his punishment fixed at two years in the penitentiary, for complicity in the murder of Philip H. Kennedy, who was shot and killed by his wife, Lulu Prince Kennedy, Jan. 10, 1901.

## THEY WANT ACTION

Filipinos Ask That a Popular Civil Rule Be Instituted.

IMPORTANT MEMORIAL

Federal Party Petitions Congress to Defer No Longer In Fixing the Insular Status.

A Definitive Civil Regime Is the Plea of Those Most In Interest.

Washington, Feb. 13.—The memorial of the Federal party of the Philippine Islands was transmitted to the senate yesterday afternoon by the secretary of war, together with a letter of transmittal by Governor Taft, in whose charge the document was given. The memorial was adopted at an extraordinary session of the Federal party held in Manila in November. It sets forth that the performance of that obligation of the treaty of Paris which gave the United States congress authority to fix the status of the Philippine Islands has been deferred to this time because of the attack by the Filipinos upon the sovereignty of the United States, an act brought about, the memorial says, through hatred of the American sovereignty. It further states that out of the 60 provinces and districts war exists in only two—Batangas and Samar. It also asserts that it is a demonstrated fact that the pueblos or towns anxiously desire "a definitive civil rule" and says those who are still in arms allege the lack of a civil regime agreed upon and promulgated by the congress of the United States as a weighty pretext for their belligerent attitude, which regime shall determine at once the political status and civil rights of the inhabitants of the archipelago in accordance with the treaty of Paris. The memorial then makes a presentation of the deduction of the Federal party that congress should proceed to carry into effect its intention of defining the future of the Philippines in their relations to the United States and asserts that there is no reason for not replacing the military regime "by a civil rule of a popular character in conformity with the decisive words of the never-to-be forgotten President McKinley."

## WOMAN SUFFRAGISTS

President Catt Asks Some Pertinent Questions.

Washington, Feb. 13.—At the public session of the National Woman's Suffrage convention yesterday, Mrs. Carrie Chapman Catt of New York city, president of the association, delivered an address in which she said: "Hard upon the track of the man suffrage movement presses the movement for

SUSAN B. ANTHONY.

woman suffrage. It has come as inevitably and naturally as the flower unfolds from the bud or the fruit develops from the flower. Why should the woman suffrage not come?"

The first night session of the convention was very appropriately given over to the pioneers, a number of whom occupied seats on the platform. Miss Susan B. Anthony presided and greetings and addresses from a number of well known women were heard. The attendance was very large.

## Traction Line Transferred.

Canton, O., Feb. 13.—It is stated authoritatively that the Northern Traction company, the Everett-Moore syndicate and Henry Everett have disposed of their interests in the Canton Akron street railway line, now being constructed between Akron and Canton, and the Canton Massillon City street car systems, as well as the Canton-Massillon interurban line now in operation with the extension to Navarre, five miles south from Massillon. The transaction will involve something over \$2,500,000.

## Living Comes High in Persia.

Washington, Feb. 13.—An increase of the salary of the minister to Persia from \$5,000 to \$7,000 has been recommended by the senate committee on foreign relations. The post is said to be one of the most expensive in the diplomatic service.

## IN FULL PANOPLY

Gov. Durbin and His Staff Start On Southern Trip.

Indianapolis, Ind., Feb. 13.—Governor Durbin, surrounded by a gay and gallant party consisting of 30 members of his staff, left this afternoon on a two weeks pleasure trip to Cuba and through the South. The governor was accompanied by his wife as were several members of the staff. It really looked as if the excursion was for war-like purpose, as the members of the staff were in regulation fatigue uniform. Full-dress uniforms were concealed in suit cases and trunks, to be worn on state occasions during the trip. It is expected that the staff will be in full dress at Havana, as a public reception will probably be given for it there. Indiana day, Feb. 26, at the Charleston (S. C.) exposition will afford another opportunity for wearing the gold spangles and sword. The party was provided with a Pullman parlor and sleeping car, in which it will travel direct to Miami, Fla., arriving Sunday morning. It will embark at once for Havana. Five or six days will be spent visiting the points of interest in and about Havana. The spot where the 161st Indiana (Colonel Durbin's regiment) was in camp will be visited. There will be a number of stops on the return trip. The departure of Governor Durbin and his staff recalls a trip taken by the late Governor Mount and his staff to Dallas, Tex., for the purpose of returning the flag of Terry's Texas Rangers, which was captured from them by Indiana troops during the civil war. During the time Governor Durbin and party are in Cuba it is expected that the Hoosiers who are living in the city will chaperon them.

"If any one tells you Fred Landis is not in the race for the Republican nomination for congress in our district and that he will withdraw before the convention, you may just tell him he does not know what he is talking about." This is the way Chairman Johnston of the Cass county committee and others from Logansport who were here today talked of the race Landis is making. They are full of confidence in the ability of their candidate. Johnston said the race is growing more interesting, and that so far as Cass county is concerned it will send a loyal Landis delegation to the convention. The Landis men, like the followers of Cowgill of Wabash, are elated because the Steele forces were unable to dictate as to the time and place for holding the convention. This is regarded by them as an indication that the Steele forces are not nearly so strong as they think they are.

Merrill Moores is conducting a much different campaign than that of his opponent's for the Republican nomination for attorney general. He has been assistant attorney general for several years and since he announced his candidacy he has been sending out thousands of personal letters asking for support. He continues to do this and is confident that it brings him in as close touch with the delegates as the circuit riding methods of some of the other candidates. However, he is doing a little traveling himself, as he has visited 20 counties. He expects to visit many others, but he is sticking to the letter-writing canvas. If he wins he will furnish an example for other candidates who travel hundreds of miles in their efforts to land.

Smallpox, according to figures gathered by Secretary of the State Board of Health Hurty, prevails to an alarming extent throughout Indiana. There were 303 cases and five deaths in January. This is a record breaker for recent years. The disease has been spreading at a great rate in this city and parts of Adams counties, but fortunately most cases are in a mild form. The health authorities say it would not be so difficult to control the disease if the quarantine laws were more strictly enforced. It is not unlikely in view of the present conditions that the next legislature will be called on to provide for a more stringent quarantine regulation.

The Republicans are showing considerable interest in the outcome of the Columbia club election tomorrow night. It has been the rule that one of the holdover members of the board of directors should be made president, but this precedent may be set aside, as there is a sentiment in favor of Mortimer Levering, a new member. Most of the clubmen, however, believe Sam Sweet, a well known railroad man here, will be elected president. Frank D. Stalnaker, secretary, and Horace E. Smith, treasurer, will probably be re-elected without opposition.

## MANY ART TREASURES

Were Destroyed In the Burning of "Brookside."

Fort Wayne, Ind., Feb. 13.—John H. Bas' suburban home, known as "Brookside," which was destroyed by fire a couple of days ago, was built in 1892, of Michigan stone veneering, of a mediaeval style of architecture. It is the purpose of Mr. Bas to reconstruct it. Among the personal effects burned was a canvas by Ridgeway Knight which cost \$2,500; a piece of Carrara marble, "The Shepherdess," valued at \$1,500; a grandfather's clock which cost \$1,500, besides scores of paintings, rugs and pieces in bronze, cut glass, ornate, etc., collected by Mr. and Mrs. Bas by great expenditure of money. There was also a \$1,000 rug, purchased by a few days ago.

## HE MAY GO AHEAD

Prof. Eigenmann's Scientific Research No Longer Interrupted.

Warsaw, Ind., Feb. 13.—A nolle prosequi was yesterday entered in the case of Prof. Carl H. Eigenmann, head of the biological department of the Indiana university, charged with violating the fish law, and the case was stricken from the circuit court docket. Last summer while in charge of the biological station at Winona lake Fish and Game Warden Harris arrested Prof. Eigenmann for having a large fishnet in his possession contrary to a recently enacted state law. At the preliminary hearing before Justice Young, the defendant acknowledged he had the net in his possession, but used it entirely for purposes of scientific research.

## Hard On Poor Bob White.

Wabash, Ind., Feb. 13.—Farmers from various parts of the county report that quail are dying in large numbers. The heavy snow which has laid on the ground for the last two weeks has prevented the birds from gathering food and the intense cold was the last straw. Whole covies have been found dead beneath a sheltering bush, and unless moderate weather comes before a week, there will not be enough of the birds left to need the protection of the game law.

## It Was Loaded

Indianapolis, Feb. 13.—Miss Nellie Wade is at her home suffering from a bullet wound in her side as the result of an accident. She was visiting at the home of Miss Jessie L. Hawkins in Temple avenue. While the young women were examining some Filipino relics brought from Manila, a revolver slipped from the hands of Norwood Hawkins and was discharged. Miss Wade is not seriously injured.

## Written By The Train

Hammond, Ind., Feb. 13.—Miss Mary E. Smith of South Chicago, teacher at Highlands, while hurrying across the tracks near her home to catch a train, was struck by a train running in the same direction, and injured so badly that she died soon after removal to the hospital. The young woman was 21 years old.

## Turned Up All Right.

Kokomo, Ind., Feb. 13.—M. J. Clancy, a well known glass worker, suddenly disappeared from this city 12 years ago. Recently he was heard from, being now attached to the office of the United States consul at Bluefields, Nicaragua, and also serving as grand secretary of the Masonic Provincial Grand Lodge of Nicaragua.

## Value of Physical Culture.

Marion, Ind., Feb. 13.—Miss Irene Christian 18 years old, is an athletic girl, and while on her way to church she was accosted by a burly ruffian. A right arm swing and the plump little fist dashed into his face, staggering him back, after which the girl calmly pursued her way.

## Deed of Vandals.

Warsaw, Ind., Feb. 13.—The office of the Lesk Manufacturing company was entered by vandals, who deliberately mutilated the office books, besides carrying away two books of considerable value. The company credits the depredation as purely one of vandalism.

## A FOREIGN MOVE

Japan Is Much Elated Over the Dual Alliance.

Tokio, Feb. 13.—The Anglo-Japanese alliance is asserted here to be a direct outcome of the tour of the Japanese statesman, Marquis Ito. At St. Petersburg Marquis Ito sounded the possibility of an agreement and certain rather exacting bases of a suggested understanding were submitted to him. The marquis then proceeded to London and frankly told the British government of Russia's proposals and intimated that if Great Britain were disinclined to enter upon the agreement, Japan would fall back on the Russian offer. These negotiations resulted in the arrangement of a rough outline of the agreement and Marquis Ito notified Russia of his inability to accept her proposals. Baron Hayashi, Japanese minister at London, then took the matter up and brought the negotiations to a successful conclusion.

There is no doubt that the alliance is very popular in Japan and quotations on the stock market have advanced. Influential Japanese regard the alliance as a guarantee of peace and as a check upon Russian ambition. The Japanese mind is greatly impressed by the strength and determination Great Britain has displayed in South Africa, and the best men of Japan have hoped that the visits of Marquis Ito would result in a closer union with Great Britain and with Russia also if this were possible.

## TOOK A HEADER

Fine Train On the Erie Road Goes Into the Ditch.

Cleveland, O., Feb. 13.—Train No. 10 on the Erie road, leaving Cleveland at 1 p. m. for New York, was wrecked between Mahoning and Palanox, O., about 40 miles from this city yesterday afternoon. The whole train left the track and ran for 20 car-lengths, finally toppling over into a ditch. Twenty-one persons were injured, but it is believed that none of the injuries will terminate fatally. As the train is made up in this city, most of the injured are residents of this city. The train consisted of a buffet car, two sleepers, chair car, baggage and express. Physicians were called from Warren and Youngstown and left at once for Leavittsburg, where some of the injured had been taken. The cause of the wreck is not known and the officials of the road are not able to explain it unless by a broken axle or wheel. Some of the more seriously injured were taken to Youngstown. The wrecked train is one of the finest on the Erie road and is vestibuled.

## At Lincoln's Tomb.

Springfield, Ills., Feb. 13.—At the national Lincoln monument yesterday afternoon on the anniversary of the birth of Abraham Lincoln, hundreds of grayhaired soldiers who had seen many a hard-fought field, and hundreds of women who had aided the cause of the Union by untiring work in hospitals and homes, assembled and laid beautiful floral offerings on the sarcophagus.

## Growing Revenues.

Washington, Feb. 13.—A cable message was received at the war department yesterday saying that the total collections at all ports in the Philippines, except Siasi, for the month of January were about \$270,000 in gold, being nearly as much as the collections during October and November last and about \$100,000 more than the collections for the single month of August and September last.

## Caught On a Sanibar.

Evansville, Ind., Feb. 13.—James Braddock, 14 years old, attempted to cross the river in a skiff and was stranded on a sanibar. Before rescue he was so badly frozen that the amputation of both feet will follow.

## A WOMAN'S THROAT

Is her fortune if she chances to be a Patti or Alboni, and that fortune is guarded day and night with the greatest care. Nothing frightens a singer so much as a cough. Every woman ought to be afraid of a cough. It is nature's danger signal. Who does not know of some sweet woman-voice silenced forever by disease which began with a slight cough.

There is no alcohol in the "Discovery" and it is entirely free from opium, cocaine and all other narcotics.

"I am feeling quite well," writes Miss Dorcas A. Lewis, of No. 1129 24th Street, Washington, D. C., "and I owe it all to Dr. Pierce's Golden Medical Discovery. I had been quite a sufferer for a long time, and after reading Dr. Pierce's Common Sense Medical Adviser I would try his 'Golden Medical Discovery.' I had not been sleeping well for a long time. Took one teaspoonful of Dr. Pierce's Golden Medical Discovery and slept nearly all night without coughing, so I continued taking it. I had been a great sufferer for more than ten years. I tried lots of different medicines and different doctors, but did not feel much better. I coughed until I commenced spitting blood, but now I feel much stronger and am entirely well."

### ST. VALENTINE'S DAY.

Tomorrow will be a Busy Day for the Postoffice.

Tomorrow the mails will be loaded down with valentine missives, comic and sentimental. The postal clerks and mail carriers will have a busy day for there will be something for almost every household. And the trouble they will have trying to correctly decipher some of the addresses written in disguised handwriting will cause them to go in search of a nerve tonic. Valentine day is always a delight to the children and they look forward to the sending and receiving of valentines with great delight.

St. Valentine's Day is a day sacred to the memory of St. Valentine, who was an ecclesiastical martyr at Rome, having been beheaded February 14, 270. It was a very old notion alluded to by Shakespeare, that on this day birds begin to mate. Hence, perhaps, arose the custom of sending love tokens at that time.

Banker, Daniel Brown and Ansel Brooks.

#### DIED.

BARD—Joel Bard, one of the oldest men in Jackson county, died at his home near Marling Wednesday night, February 12. He was one of the oldest men in the county and at his next birthday would have been ninety-five years of age. He was born in New York state and in 1855 became a resident of Jefferson county, Indiana. In 1861 he became a resident of Jackson county. In 1835 he was married to Mrs. Anna Shuts, who survives him but who is in poor health. Joel Bard was the father of George W. Bard, of Crothersville.

A Seymour girl who was visiting in Columbus recently fell out of a sleigh and was all mused up, when she gave her fellow a stony stare and said: "You had better go to Seymour and learn how to take a girl out riding. Down there the boys let the girls drive and the boys hold the girl in the sleigh with both hands." The youth looked so ashamed that the horse blushed a beautiful bay.

The Seymour pension board had two applicants for examination Wednesday. One old soldier was down from Bartholomew county.

#### A Theological Note.

"I was once showing a young Japanese around Boston," says a correspondent of The Living Church, "and casually dropped into Trinity church with him. He was at the time a recent convert to Unitarianism in his own country and was wide awake to everything connected with American civilization and American Christianity.

"A few minutes after entering Trinity, as we approached the center aisle, I noticed him making a distinct sniffing noise and, looking toward him, saw that he was in the act of smelling, his nostrils moving convulsively after the manner of an animal scenting something. Looking surprised and mystified, I at once asked him what was the matter, and in broken English he replied, 'I smell paganism!'

"This method of detecting false doctrines is capable of some curious developments."

#### Coal Business Brisk.

Brazil, Ind., Feb. 12.—The coal business in the block coal field this winter far exceeds the record of any other season in the history of the district. Many new mines have been opened, and a number of others are being put down, while every mine in the district has worked to its fullest capacity whenever cars were obtainable in which to load coal. This shortage of cars has greatly hampered the output.

### KIDNEY TROUBLES.

Mrs. Louise M. Gibson Says That This Fatal Disease is Easily Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I felt very discouraged two years ago, I had suffered so long with kidney troubles and other complications, and had taken so much medicine without relief that I began to think there was no hope for me. Life looked so good to me, but what is life without health? I wanted to be well.

"LYDIA E. PINKHAM'S Vegetable Compound cured me and made me well, and that is why I gladly write you this, and gladly thank you; six bottles was all I took, together with your Pills. My headache and backache and kidney trouble went, never to return; the burning sensation I had left altogether; my general health was so improved I felt as young and light and happy as at twenty."

—Mrs. LOUISE GIBSON, 4813 Langley Ave., Chicago, Ill.—\$5000 forfeit if above testimonial is not genuine.

If you feel that there is anything at all unusual or puzzling about your case, or if you wish confidential advice of the most experienced, write to Mrs. Pinkham, Lynn, Mass., and you will be advised free of charge. Lydia E. Pinkham's Vegetable Compound has cured and is curing thousands of cases of female trouble.

#### Monon and S. I.

The Southern Indiana and the Monon railroad are strong competitors in the stone regions where for a good many years the Monon had its own way. But when John R. Walsh bought his stone quarries, built the Bedford Belt road and then purchased the old E. & I. and made a good road of it the Monon people realized that they were up against strong competition. But the fight has now been extended to the coal fields and the end is not in sight. No sooner had the Southern Indiana begun handling Linton coal than the Monon began making efforts to get into this field and now it runs a coal train into city using six miles of the Illinois Central track.—Linton Call.

#### Expensive Showers.

An Indiana man proposes to produce rain by sending up 1,000 balloons, each with a bomb ready to explode. Wouldn't it be better to put the large amount of money required into irrigation? Showers at \$500,000 each would be too luxurious for the average farming community.—Globe Democrat.

#### Spring Dress Fabrics.

The wise woman plans her Summer wardrobe now, when the shops are abounding in novelties and the variety of fabrics exhibited makes it possible to gratify all tastes. Lacy effects characterize many of the so-called wash fabrics, and some delightful color combinations are shown. An accurate idea of what are to be favorites of the season may be had from the March Delineator, which shows patterns of the new materials in actual and reduced size and describes the weaves in detail. The same number illustrates the fancy buttons and braids which are to figure so conspicuously as press trimmings.

Entered at the Seymour, Indiana Postoffice as Second-class Matter.

THURSDAY FEB. 13, 1902.

DURING his term of office Abraham Lincoln was called a sectionalist by those opposed to the cause he represented, but he is recognized now as a nationalist whose object was to preserve to the Union every inch of its territory and every element of its greatness.

The birthday of Abraham Lincoln, February 12, was appropriately celebrated throughout the county. This was especially true in Indiana for the meeting at Terre Haute was a decided success. The addresses made there are an inspiration to any thoughtful and patriotic citizen who heard, or will take time to read them.

THOSE who have made careful study of trade relations between the United States and Cuba estimate that in return for a reduction of 33-1-3 per cent, in the present duties on sugar and tobacco the United States would get an open market for \$80,000,000 of goods every year. Thus reciprocity is justified from a commercial as well as from a moral point of view.—Journal.

#### POLITICAL GOSSIP.

J. Hickson Smith, a Bedford lawyer, has been nominated for mayor by the republicans of the Stone City.

A dispatch to the Indianapolis Journal says that Hon. Thos. J. Brooks, of Bedford, has concluded to withdraw from the race for attorney-general on account of his law practice and other business enterprises with which he is connected claiming all his time. Mr. Brooks is an able lawyer and he is personally popular throughout the state. Had he remained in the race he would have had a strong following in the state convention.

### The Season of Lent.

Lent begun on Ash Wednesday, February 12th. Ash Wednesday is so called from a custom introduced by Gregory the Great of sprinkling ashes on the heads of penitents on that day. Lent continues until Easter, a period of forty days, not counting Sundays, for the reason that Sundays are not fast days. The law of fasting binds every member of the Catholic church between the ages of twenty-one and sixty. Fasting consists in taking only one full meal a day—about noon. A cup of coffee and a cracker or piece of bread may be eaten at breakfast and about one fourth of an ordinary meal in the evening. Persons who are infirm or debilitated, or who are engaged in hard manual labor, are exempt from fasting. The simple rule is that every one who can do so is required to observe Lent.

### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address,

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

### Dixon Excels all Others.

It is the claim of the Lyceum Bureau that Thomas Dixon who appears here Feb. 22, under the alumni auspices, is at the head of the long list of platform orators and is the strongest attraction obtainable. He is the successor of Talmage at the Academy of Music, New York City.

### Indictment Quashed.

The motion to quash the indictment against G. W. Rains and J. H. Tindler was argued before Judge Buskirk, Wednesday and the same was sustained by the court, thus freeing the defendants from the charge preferred against them without going to trial. Messrs. Tindler and Rains are receiving the congratulations of many friends.

## Not what you pay for Coffee, but what Coffee pays you.

There are two values to every article,—what it costs and what it's worth.

Cork costs 3 cents a pound, but if you are drowning half a mile from shore, its value would be "not what you pay for cork, but what cork pays you."

You are not drowning, but you are using up strength and vitality in your daily work. You are getting back that strength and vitality in part from your morning cup of coffee.

It makes little difference what you pay for it; the important question is "What does it pay you?" You can see the strength you have, but you can't see the increased strength you would get if you drank

## WITH ONE VOICE.

Seymour People Who Have Investigated are a United on the Subject.

The voice of the people is heard all over the land. Trumpet notes of truth bounded from east to west. Seymour has joined the throng. Many a citizen lifts his voice in praise. Enthusiastic people everywhere. Backs relieved of heavy burdens. Nights of suffering, days of misery. Become nights of rest and days of joy. It's the constant working of Doan's Kidney Pills.

Are these reports all true? Here's a Seymour man; ask him his opinion.

Mr. William Zickler, of Poplar street, insurance agent, says: "I can recommend Doan's Kidney Pills, sold at C. W. Milhous' drug store. I suffered from pain over my hips and sometimes in the upper part of my shoulder. A very short course of the treatment with Doan's Kidney Pills banished the pain across my kidneys and up to date there has been no recurrence. I was told by my physician that the trouble was owing to uric acid in my system but since taking Doan's Kidney Pills I think I am about rid of it. They were positive in ridding me of the backache and regulating the action of the kidney secretions."

For sale by all dealers, price 50 cts. Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S. Remember the Doan's and take no other.

OBITUARY.

George Holland, son of Mr. and Mrs. Edgar Holland, was born on the farm four miles west of Seipio, May 1, 1878, and died January 31, 1902, aged 23 years 8 months and 30 days. He remained at home and assisted his father in the work of the farm until about two years ago when he and his brother Frank and others started for Cripple Creek, Colorado, in the employ of and as a part of the Quaker Leasing Company, to work in a gold mine. He worked with this company until April 1st, 1901, when the company gave up its lease. He then sought employment in other channels of trade for a time until the secured employment in the mine known as the Morning Glory where he was employed until a short time before his death, which occurred at Cripple Creek. His sickness was appendicitis, and his illness of but a few days duration. The body was prepared for burial and on Sunday, Feb. 2nd, after a short funeral service the body, accompanied by Mr. and Mrs. Chas. Lewis, was started east and reached Columbus Wednesday morning, Feb. 5th, and from there was conveyed to the home of his mother, west of Seipio. Funeral services were conducted by Rev. Dr. Todd at the Presbyterian church at Seipio at 11 a. m. Thursday, Feb. 6th. More than four hundred relatives and friends gathered at the church, to pay a last tribute of respect to one who was universally loved. He had a wide circle of friends. His casket was literally buried in flowers, a goodly portion of which, came from friends at Cripple Creek, which tells us that he had many friends in his distant western home.

## HAND IN HAND.

Sleeplessness, Nervousness, Indigestion, the Bane of the Present Day. Seymour People Know the Remedy.

There is a condition that a great many people get into these days—not sick abed—able to be around but never feeling well—weak and the least exertion tucks them out—as months go on they become weaker until resistance to disease is practically overcome. It was directly for this class that Dr. A. W. Chase's Nerve Pills were formulated. They provide the lacking element that is wanted to remove the trouble, nerve force.

Mr. J. Blair, of No. 114 North Lynn St., Seymour, Ind., says: "For some time I have been a victim of severe nervousness, sleeplessness and indigestion. I heard Dr. A. W. Chase's Nerve Pills sell spoken of and thought I would try them. I got a box of the pills at A. J. Pellens' drug store and after using one box of the medicine I can say that the results were very satisfactory and I think with further use I would get permanent results. I think these pills grand tonic."

Dr. A. W. Chase's Nerve Pills are sold at 50 c. a box at Seipio or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature A. W. Chase, M. D. are on every package.

## Something That Will Do You Good.

We know of (nothing) we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use a haven of any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden, S. C. Messenger. For sale by C. W. Milhous.

# Kodol

## Dyspepsia Cure

Digests what you Eat

The medical profession is one of the most conservative in the world. It is well that it should be so. We want no experimenting with our lives or health. The physician is naturally and justifiably careful to prescribe no remedy until well satisfied of its merits. So it is no small testimonial to the worth of Kodol Dyspepsia Cure that it is coming into general use among physicians of all classes. They appreciate even more readily than the layman that it gives weak stomachs just the rest they need and are prescribing it freely with wonderfully successful results. Nodieting is necessary. Eat all you want. While you are strengthening the body with wholesome food Kodol Dyspepsia Cure is restoring the stomach to perfect health by relieving it of its work. Don't be satisfied with merely temporary relief when this remedy offers a complete cure. "I have used in my practice quite a lot of Kodol Dyspepsia Cure with no failures but relief in almost all cases," writes Dr. W. L. Wallace of Kingsree, S. C. "After an active practice of forty-five years this is the first time I have ever had occasion to publicly advise all dyspeptics that they have a certain remedy in Kodol Dyspepsia Cure."
